

"The Problem Solver: Tomorrow's Technology Today"

HEAVY DUTY OIL STABILIZER

TerraCation Heavy Duty Oil Stabilizer is designed for use in new and used engines requiring improvement in viscosity. This product reduces oil consumption, smoke and engine noise. Heavy Duty Oil Stabilizer extends oil life while improving fuel economy and increasing compression. This product may be used in both synthetic and petroleum based products.

- Reduces Excess Oil Consumption
- Stops Oil Leaks
- Eliminates Smoking
- Enhances Fuel Economy
- Increases Compression Life
- Compatible with Synthetic and Petroleum Products
- Ideal For Older Cars and Trucks
