

Moisture Barrier that Lasts

Advanced Lubricant Technology

TerraCation™
Lubrication

PROTECTORANT & PENETRATING LUBRICATING SPRAY

Applications

ADVANCED LUBRICANT FOR INDUSTRIAL USES

TerraCation Penetrating Spray Lubricant creates one of the best known moisture barriers, protecting all moving parts, and can be used anywhere corrosion, rust or moisture is a problem.

Penetrating Spray Lubricant will not evaporate, performs in extreme temperatures and effectively removes corrosion. TerraCation's Penetrating Spray Lubricant is an advanced automotive and industrial lubricant spray designed to out-perform other lubricants.

- Penetrates Rust and Corrosion
- Displaces Moisture
- Inhibits Rust
- Frees and Lubricates Sticky Mechanisms
- Cleans and Protects Electrical Connections
- Resistant to Salt Water and Corrosion
- Protects Metal Parts from Contaminants
